- Increase operational efficiency

PHARMACY LAW SOLUTIONS

Automated Legislative Reports

Clients can easily customize a search of bills and proposed rules that will be automatically sent to them on their desired schedule via email. These reports lend themselves to further analysis, which can show clients opportunities for growth and more.

Legislative Tracking

Bula tracks the continually changing laws and complex regulations that are critical to the practice of pharmacy. Bula helps pharmacy-related businesses stay ahead of the industry's changes so they can evaluate and manage risk quickly and effectively.

Current Laws

Bula's team includes experts in legislative/policy analysis that track the legislation, rules, and policies in all 50 states, D.C. and federal. The team searches for the information and tailors it to meet the specific needs of clients' businesses.

FAQs by Topic and State

Bula's FAQs include hundreds of the most frequently asked pharmacy law questions and answers, enabling clients to quickly and easily access the data they need.

Templates

Clients can create a personalized manual that documents their procedures, outlines their business requirements, helps them comply with legal requirements, clarifies expectations and reduces new-hire orientation and training time. Bula's Policies & Procedures Template helps clients quickly develop their manual by selecting from pre-written policies, procedures and forms.

The state-specific Collaborative Practice Agreement templates help pharmacies grow their business.

Custom Research

If clients have specific questions that are not in the database and require unique research, Bula will deploy its attorneys and policy analysts to conduct research to answer the questions for specific states, all 50 states, D.C., and/or federal — depending on their needs.

Accreditation

Bula is a critical resource in a client's proactive efforts to maintain compliance with state and federal regulations, which is one vital factor in attaining and maintaining accreditation.
