

We Make Pharmacy Compliance Simple.

Understanding regulatory compliance and its impact on pharmacy, healthcare, and clinical operations has never been more complex. Bula makes it simple.

Evolving Compliance from Obligation to Opportunity.

The leading expert solely focused on helping pharmacy clients maintain compliance, Bula empowers clients by delivering legislative and regulatory information, Board notifications, answers to the top questions in pharmacy law, and customizable templates for your pharmacy – all in one powerful platform.

Bula is the top subscription-based legal intelligence solution dedicated to pharmacy.

The Bula Team tracks laws, bills, regulations, sub-regulations and policies in all 50 states, D.C. and federal, and noti-fies clients with actionable intelligence of any changes that could potentially impact them. Clients trust Bula to help them stay current in a simple way so they can effectively anticipate and navigate changes in regulation, evaluate and manage risk, stay in compliance, avoid large fines, and preserve customer trust.

What you'll get:

- 24/7 Legislative Tracking
- All 50 States, DC and Federal
- FAQs by state and topic
- Searchable database of law
- Pharmacy board minutes and newsletters
- Pharmacy sub-regulatory guidance
- Templates

Proactive

Notifications on legislative and regulatory updates are sent in real time, allowing clients to prepare before the laws become effective.

Expertise

Bula's team consists of individuals with the experience and credentials to bolster your own team.

Efficiency

Customer Service generates a significantly faster turn-around than outside attorneys or unknowledgeable compliance resources.

Accuracy

Because Bula is consistently monitoring updates and changes in the laws, the information is reliable and accurate.

Analysis

Bula not only provides the facts, but also provides analysis to summarize the updates and changes in an easily digestible format.

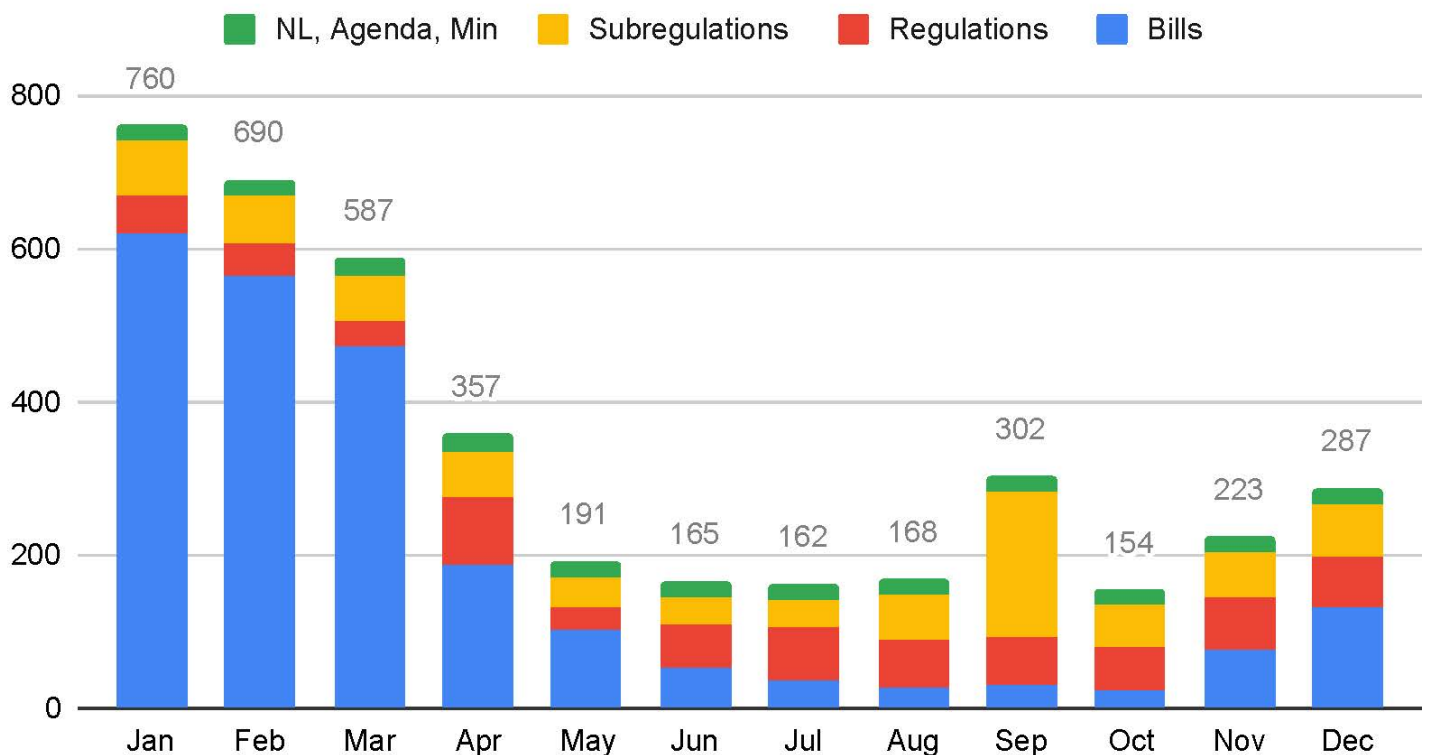

The Challenge

Understanding regulatory compliance and its impact on pharmacy, healthcare, and clinical operations has never been more complex. Every year there are hundreds of regulations, sub-regulations, and bills that are added. This can be overwhelming for pharmacies and staff to effectively stay on top of. Failure to keep up with changes in compliance can result in large fines and lack of customer trust.

Bula makes it simple. The Bula Team tracks laws, bills, regulations, sub-regulations, and policies in all 50 states, D.C. and Federal, and notifies clients with actionable intelligence of changes that could potentially impact them. Clients trust Bula to help them stay current so they can effectively anticipate and navigate changes, evaluate and manage risk, stay in compliance, avoid large fines, and preserve customer trust.

Items Added in 2021

790 items were added in January alone. Bula makes navigating these changes easy.
